They are all around us. Secret conspiracies are everywhere. In *Illuminati*, two to six players increase their wealth and power to take over the world until only ONE reigns supreme. No ploy is too devious, no stratagem too low as you use stealth and guile to make your way to victory!

Now, this classic game of conspiracy and world conquest has been updated to include current events and up-to-date references. You'll wonder whether this is only a game as you scheme your way to world domination!

Key Features

- Although it's full of hilarious satire, *Illuminati* is also a tense strategic game where reading and manipulating your opponents is as important as playing the right cards.
- Contains 110 cards with new card back designs and 8 individualized reference cards.
- Includes new art created by Lar deSouza, known for his 2008 Shuster Award-winning online comic, Least I Could Do.
